

Suggested Courses for \_\_\_\_\_ Semester

STUDENT COPY

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Suggested Courses: \_\_\_\_\_

Suggested upper division labs: \_\_\_\_\_

**Important Note:** Enrollment in upper division lab courses will be first come – first serve for students for most seats in these courses. If you require access to a specific lab course you must wait list for that course to be considered for enrollment. If you have a specific need for a particular course, send an email to Professor Melissa Pepling ( [mepeplin@syr.edu](mailto:mepeplin@syr.edu) ) to let her know the course and why you require it. Sending an email to Professor Pepling doesn't guarantee a spot in a course. It just guarantees consideration of your request.

***Students are required to have a 2.0 aggregate GPA at the time of graduation for all upper division (300 and higher) courses in the Biology major that are fulfilling the degree.***

***It is the student's responsibility to make sure she/he is on track for timely graduation.***
